Cautionary statements

This presentation (and the accompanying oral presentation, if applicable) contains forward-looking statements within the meaning of applicable securities legislation. Forward-looking statements are typically identified by words such as “projected,” “estimate,” “may,” “anticipate,” “believe,” “expect,” “plan,” “intend,” “could” or similar words suggesting future outcomes or statements regarding an outlook (and the negative form thereof). All statements other than statements of historical fact contained in these slides are forward-looking statements.

Forward-looking statements involve numerous assumptions, risks and uncertainties. A variety of factors, many of which are beyond the control of Caisse de dépôt et placement du Québec (“La Caisse”), may cause actual results to differ materially from the expectations expressed in its forward-looking statements. These factors include, but are not limited to, risks related to financial markets and economic conditions in Canada, the United States and internationally, changes in standards, laws and regulations, risks related to defaults by financial institutions, risks related to financial instruments, fluctuations in interest rate levels, increased competition for assets, fluctuations in investment returns, foreign exchange rate fluctuations, adverse changes in the credit markets, the risk of damage to La Caisse’s reputation, La Caisse’s ability to access the capital markets for debt financing, changes in the real estate and infrastructure markets in Canada, the United States and elsewhere, and risks more generally associated with the markets and La Caisse’s portfolios of investments.

La Caisse does not undertake to update any forward-looking statement, whether written or oral, that may be made from time to time by or on its behalf.

No information presented in this presentation and the accompanying oral presentation as of a date more recent than December 31, 2024 has been audited and only the consolidated financial statements of La Caisse as at December 31, 2024, and for the year then ended have been audited.

The information on, or accessible through, our website or any of the other websites or links to websites referred to in this presentation, is not part of or incorporated by reference into this presentation.

Under no circumstances should the information contained herein be considered an offer to sell or a solicitation of an offer to buy any security of La Caisse, CDP Financial Inc. (“CDP Financial”) or any of their respective affiliates in the United States or in any other jurisdiction where such offer or solicitation would be unlawful, and such information does not constitute an offer to sell or a solicitation of an offer to buy or an advertisement in respect of securities in any province or territory of Canada. Any offer to sell or solicitation of an offer to buy securities of La Caisse, CDP Financial or their respective affiliates in the United States may not be made absent registration under the Securities Act of 1933, as amended (the “Securities Act”), or an exemption from registration under the Securities Act. Any offer of securities of La Caisse, CDP Financial or their respective affiliates will be made pursuant to a private offering memorandum.

Our mission

La Caisse was created in **1965 by an Act** of the National Assembly of Québec to manage assets for public and parapublic depositors

La Caisse's net assets come from **exclusive legislated mandates** for the vast majority

La Caisse is **not responsible for its depositors' liabilities** (e.g. pension liabilities)

La Caisse is operationally and financially **independent from the government**

Our depositors¹: an exceptionally stable base

Exclusive legislated mandates for more than 98% of La Caisse's net assets

- These depositors are governed by their own laws and regulations requiring them to invest their funds with La Caisse

48 depositors with a strong and stable financial profile

- Pension plans for public sector employees account for 58% of net assets² (public sector employees such as teachers, healthcare and other government employees)
- The Québec Pension Plan (30% of net assets) is a compulsory public insurance plan designed to provide all workers in Québec with a basic retirement income

Please refer to the appendix for links to relevant legal documents, including the laws pertaining to La Caisse.

1. As at December 31, 2024

2. Includes the following plans: Retirement Plans Sinking Fund, Government and Public Employees Retirement Plan, Pension Plan of Management Personnel.

Depositors and La Caisse's portfolio

Providing value to our depositors to meet their long-term needs

Governance

Independence from the government, established by legislation^{1,2}

- The Government of Québec does not intervene in any aspect of La Caisse's investment decisions, operations or finances, nor does it guarantee La Caisse's debt.

Independent Board of Directors²

- At least 2/3 of members, including the Chair, must be independent.
- Strong fiduciary duty, including appointing the CEO, establishing risk management policies, approving La Caisse's strategic plan and approving investment policies

Stable legislative and legal framework²

“... governance came up again and again as perhaps the single most important factor in the success of the Canadian model of pension funds.”

World Bank Group³

1. “It acts with full independence in its administrative management and in the management of its investments...” *Act respecting the Caisse de dépôt et placement du Québec (chapter C-2)*.

Main pillars of our investment strategy

Optimal performance

Benefit from diversified sources of return, create value through post-investment management and assess risk thoroughly.

Québec economy

Leverage our advantages in Québec to generate returns while helping build a dynamic, competitive and sustainable economy.

Worldwide presence

Increase our exposure to global markets by adopting an integrated approach across regions and partnering with the best.

Sustainable investing

Invest in assets that support the transition toward a low-carbon economy while affirming our leadership on sustainability matters.

Technology trends

Create value by capitalizing on the acceleration of technology trends, including the impact that a digitizing economy has on businesses and our operations.

Sustainable investment: A value creation driver

Environment

Reach CAD 400 billion invested in climate action by 2030.

- Investing in companies that integrate the climate into their business models and adopt decarbonization pathways
- Investing in climate solutions (assets that contribute to the avoidance or reduction of greenhouse gases as well as adaptation)

Social

Value a variety of perspectives to enrich our decisions and enhance our performance

- Fostering an open and inclusive work culture
- Supporting our portfolio companies and external managers on topics involving inclusion, openness and collaboration
- Promoting the adoption of exemplary tax practices

Governance

Position governance at the heart of our practices and investments

- Optimize our governance practices
- Help improve governance practices of our portfolio companies
- Promote rigorous technology risks assessment
